Genre-bending Producer LdashD releases new 4-Track EP

Maybe I Love You (Single & Extended Mix) • Quantum Feeling • Latino Beach House

LdashD cements his House building kudos with two recent top ten chart entries, extending it with a scintillating journey thru his latest self-build House, but not House as we know it, as his DIY expertise has no restraints when extending his own house.

'Maybe I Love You' the single & extended version, begins with a simple classic House chord riff, that lays the foundation for gentle Hindu vocals, dreamy sitars, cosmic guitars, while laying down chunks of Rock 'n' Rap, pathing the way into a bangin' Big Band outro, with thick slabs of brass stabs that solidify the big, bold, beautiful, female Soul vocal, liberally paved on top.

'Latino Beach House' refurbishes that classic Rhodes chord riff, stirs in some more cosmic guitars, gradually building a Stately Home of House, thru retro rave synths, rock guitars, sitars, finger cymbals, cowbells, thickening into a vibrantly coloured Latino fiesta decorated with a brisk, fiery, Mexican horn section.

Then there's the pummeling **'Quantum Feeling'**, a mildly menacing intro eagerly submits to the beefy 'power-tool' drums, several bass lines hammer it out, techno synths fill the gaps, while cut up African vocals provide a 'rubbed down' rhythmic pulse, a Bulgarian choir brings a warm, spiritual feeling, before it finally sets into a solid, classic, female Vox stab finale.

THAT'S IT, A FULL HOUSE, A HOUSEFUL OF FUN
